- A concise summary of the contents of *The Nature of Science 01*, reformatted for use with **interactive whiteboards** or **data projectors**. These pages include links to many new visuals, interactive activities, movie clips (including key practicals) and interesting web sites, to spark student interest. More importantly, the pages are presented as '**user-enabled**' files – you can add your own notes and comments, highlight and underline and add whole new files and web links, changing and customising the resource to meet your classroom's needs and the development of your unique 'school curriculum'.
- A **Teacher Guide version of the textbook**, which includes answers to the exercises in the book, technician's notes for practical work, blackline masters and other teacher resources. As part of the package you will be sent **new materials** as they are developed, for you to incorporate as you choose.

The Nature of Science 01 Teaching Resource is available by subscription only. The yearly licence fee depends on the number of students who will be taught using the Teaching Resource and which print resources your school is using. There are two options – see below for details.

## Terms and Conditions

**SUBSCRIPTION:** The Pearson subscription option is for the registered school and/or the number of registered students specified on the applicable order form and licensed by Pearson, a division of Pearson New Zealand Limited (“Pearson”).

By opening and using the program you agree to become bound by the terms of this Licence. If you do not agree to these terms, promptly return the product within ten days from the date of purchase for a refund. In consideration of payment of the subscription fee, Pearson grants the specified institution a non-transferable, non-exclusive right and revocable Licence to use and access the Pearson content and software (the “Licensed Materials”) for the term subject to the terms of this Agreement.

**OWNERSHIP:** All information, materials, functions and other content contained on the CD-ROM are Pearson’s copyrighted property or that of our licensors or Licensees. All such rights are reserved. All trademarks, service marks, trade names, and trade dress are proprietary to Pearson and/or our licensors or Licensees.

**GRANT OF RIGHTS:** You have purchased the right to use and access the Licensed Materials for a specific limited period of time, i.e., the subscription period. At the end of this period, your licence will expire automatically, unless you renew your subscription on Pearson’s then-current terms. The Agreement and your licence to use the Licensed Materials will also terminate if you fail to comply with any term or condition in this Agreement.

Under the terms of this licence, the teachers may; (a) copy the Licensed Materials onto their computers and/or the school network, (b) use the Licensed Materials for pedagogical purposes only, and (c) combine the Licensed Materials with any materials that they have the right to use, to create their own customised resource.

Copying of the Licensed Materials or any part, inclusion in other software, reverse engineering, or unauthorised modifications are expressly forbidden. Except as set out above no part of the Licensed Materials may be reproduced or stored in any other website or included in any public or private electronic retrieval system or service without Pearson’s prior written permission.

**RESTRICTION AGAINST TRANSFER:** You may not sublicense, assign, share, sell, rent, lease, or otherwise transfer the right to use the Licensed Materials.

**DISCLAIMER AND LIMITATION OF WARRANTY:** The only warranty Pearson makes in connection with this licence is that if the media containing the Licensed Materials are defective, such media will be replaced without charge if the media and proof of payment of the subscription fee are returned within sixty (60) days of the date of payment of the subscription fee.

Except for the limited warranty for defective materials, the Licensed Materials are provided without any guarantees, conditions or warranties as to its accuracy. To the fullest extent permitted by law, Pearson and its affiliates expressly exclude: (a) all conditions, warranties and other terms which might otherwise be implied by statute or common law, (b) any liability for any direct, indirect or consequential loss or damage incurred by any user in connection with the Licensed Materials or in connection with the use, inability to use, or results of the use of Licensed Materials including without limitation any liability for loss of income or revenue, loss of business, loss of profits or contracts, loss of anticipated savings, loss of data, loss of goodwill, wasted management or office time; and (c) any other loss or damage of any kind, however arising and whether caused by tort (including negligence), breach of contract or otherwise, even if foreseeable.

Pearson accepts no responsibility for the content on any site to which a hypertext link from the Licensed Materials exists.

While Pearson has made all reasonable attempts to exclude harmful software such as viruses from the Licensed Materials, it cannot ensure such exclusion and no liability is accepted. You should take all appropriate safeguards before installation.

**INDEMNIFICATION:** You agree to indemnify and hold harmless Pearson, its officers, directors, employees, consultants, agents from and against any claims, actions, liability, damages and/or demands, including without limitation reasonable legal and accounting fees, made by any third party due to or resulting from your use of the Licensed Materials; your violation of the rights of others, this Agreement or any intellectual property or other right of any person or entity; and any intellectual property infringement by any other user of your account. This Agreement will inure to the benefit of Pearson’s successors, assigns and licensors.

**GENERAL:** If any provision of this Agreement is determined to be invalid or unenforceable, it shall be deemed omitted and the remaining provisions shall continue. Either party’s waiver of any right shall not constitute waiver of that right in the future. This Agreement shall be governed by and construed in accordance with the laws of New Zealand and the parties consent to the non-exclusive jurisdiction of the New Zealand courts. This Agreement constitutes the entire understanding between the parties with respect to the subject matter hereof, and all prior agreements, representations, statements, and undertakings, oral or written, are hereby expressly superseded and cancelled.
